AGXCEL GX5 HYD PUMP UNIVERSAL MOUNTING BRACKET PART # 53649

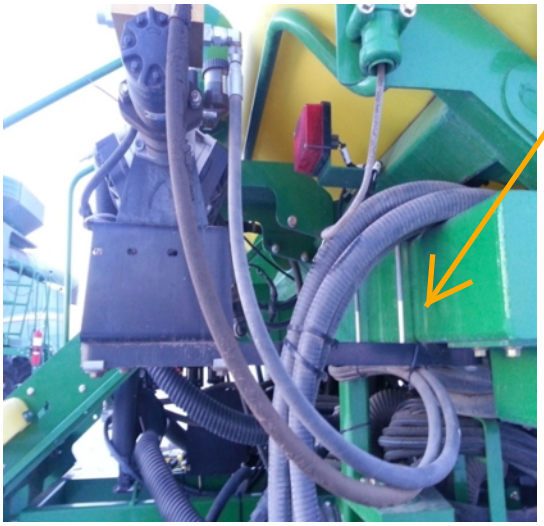
(Read Instructions Completely before Beginning Installation)

Installation Steps:

Before you begin, verify the "package contents" to ensure all items are included.

The AgXcel GX5 universal mounting bracket was designed to me mounted on any size toolbar. The bracket utilizes a cross beam support design that allows for the GX5 to overhang the toolbar and be supported by the double tube design.

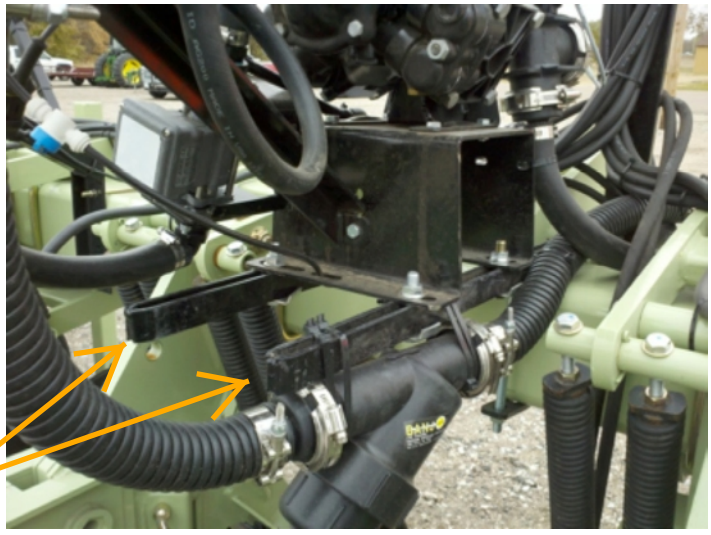
Universal mounting bracket



Ubolts are used to mount to any size toolbar

Universal Mounting Brackets may be installed under or on top of the toolbar

Special "C" clamps are also included in the kit that allows for the Ubolt and GX5 Base to be secured to the universal bracket



Universal Mounting Bracket installed on top of the toolbar
