

AGXCEL REMOTE MOUNT PRESSURE GAUGE KIT

60 PSI - ELECTRIC PUMP(S)
160 PSI - HYDRAULIC PUMP

PN#53769
PN#53770

**Side Mount
Gauge**

**Top
Mount
Gauge**

The remote pressure gauge kit includes a gauge with bracket and magnet for easily mounting in any visible location on your implement. The bracket will work to mount to the top or side of a metal frame. Assemble as shown for the mounting that works best in your application.

Also included in each kit are the plumbing fittings to tap into your system. Assemble the 3/4" tee, 3/4" x 1/4" reducer bushing and 1/4" quick connect adapter as shown to the right. Install this assembly in 3/4" hose prior to your manifolds and orifices.

Finally, run the 1/4" black tubing from the tee assembly to the gauge mount location.

**Pressure Tap
Plumbing Fittings**

GAUGE KIT INSTALLATION INSTRUCTIONS:

1. Install inline tee with 1/4" quick connect between final filter and before manifold.
2. Use 1/4" tubing to plumb the gauge and use the magnetic mount to place gauge where desired.
3. For automated systems, ensure that the gauge kit tee is installed at least 24" after the flowmeter but before the manifold.
